

UPDATE ON PROPOSED CONVERSION TO A SINGLE ACADEMY TRUST

The Governors continue to work with the Department for Education in relation to the College's proposed conversion to academy status. As part of this process, there remain some outstanding issues and clarifications which Governors wish to resolve before a final decision can be taken. For this reason, the Governors have decided to delay conversion to Academy status, until 1st January 2018 at the earliest, and the College will continue as a designated Sixth Form College until any conversion decision takes effect. Further updates will be provided in due course.

Godalming College Corporation, July 2017.
