**Sports Stars UK understands that to work in your school we need all our coaches to be of the highest quality, so they will provide exceptional delivery of your policies, ethos and fulfil the high standards you would expect.**

**To ensure we deliver the highest quality service all of our coaches hold nationally recognised sports qualifications, are enhanced DBS checked, first aid qualified and receive on-going training. This ensures children get up to date, rewarding coaching and the best environment to reach their sporting potential.**

**All Sports Stars UK staff members are passionate about what they do and full of enthusiasm to deliver our key stage specific sports schemes. This will keep your pupils active and engaged.**

## *CPD Training:*

With a current drive by the Government to increase the amount of time children in schools spend doing sports and physical education, Sports Stars UK can help boost the quality of the PE sessions your school runs. We can demonstrate a range of sports specific lessons and drills to help build teachers' knowledge and confidence. This training will enable your school to run more engaging, progressive and fun PE lessons for your pupils. Ongoing sports premium funding is available for this training.
